# MEDICINE BAGS

## SHAKTI SHAMAN MEDICINE BAG:

The medicine bag is used as a powerful container for spiritual guidance, for personal protection, power and wisdom. Your medicine bag spiritually represents you and wearing it with the intention you put into it, will heighten your intuition and power in ways that are relevant for you.

The Medicine bags merge and offer different wisdoms from different cultures around the world and turn them into a powerful amulet or adornment.

There are many items you will carry inside your medicine bag that are very personal. In addition to what we offer, we invite you to put things in your medicine bag that hold special meaning for you. This could be a shell you found, a feather, a small photo of someone special, an amulet or even a lock of your child's hair. Your medicine bag is the best place to give these items a home close to your heart.

By wearing one of our medicine bags you give yourself permission to tune into your own shamanic powers. In shamanism the interconnectedness of all things is understood. In that way, everything is a co-creation. In our materially focused world, we tend to think that the more something costs, the more value it has. This is not true in the shamanic world. Here you meet everything half way.

You are the creator of your reality. Dream big!
